**ELECTIVE TREATMENT AND PROCEDURES** means any medical treatment or surgical procedure that is not medically necessary including any service, treatment, or supplies that are deemed by the federal, or a state or local government authority, or by us to be research or experimental or that is not recognized as a generally accepted medical practice.

1. it must be operated according to law;
2. it must give 24-hour medical care, diagnosis and treatment to the sick or injured on an inpatient basis;
3. it must provide diagnostic and surgical facilities supervised by Physicians;
4. registered nurses must be on 24-hour call or duty; and

A Hospital is not: a rest, convalescent, extended care, rehabilitation or other nursing facility; a facility which primarily treats mental illness, alcoholism, or drug addiction (or any ward, wing or other section of the hospital used for such purposes); or a facility which provides hospice care (or wing, ward or other section of a hospital used for such purposes).

**INJURY** means bodily harm caused by an Accident which: 1) occurs while the Insured’s coverage is in effect under the Policy; and 2) requires examination and treatment by a Physician. The Injury must be the direct cause of loss and must be independent of all other causes and must not be caused by, or result from, Sickness.

**OTHER VALID AND COLLECTIBLE GROUP INSURANCE**

means any group policy or contract which provides for payment of medical expenses incurred because of Physician, nurse, dental or Hospital care or treatment; or the performance of surgery or administration of anesthesia. The policy or contract providing such benefits includes group or blanket insurance policies; service plan contracts; employee benefit plans; or any plan arranged through an employer, labor union, employee benefit association or trustee; or any group plan created or administered by the federal or a state or local government or its agencies (except Medicaid). In the event any other group plan provides for benefits in the form of services in lieu of monetary payment, the usual and customary value of each service rendered will be considered a Covered Expense.

**PHYSICIAN** means a person licensed as a medical doctor by the jurisdiction in which he/she is resident to practice the healing arts. He/she must be practicing within the scope of his/her license for the service or treatment given and may not be you, a Traveling Companion, or a Family Member of yours.

**TRAVELING COMPANION** means a person whose name(s) appear(s) with you on the same Covered Trip arrangement.

**USUAL AND CUSTOMARY CHARGE** means the usual charge made by a provider for necessary medical services, treatment or supplies. In reaching a determination as to what amount should be viewed as Usual and Customary in any given case, we rely on an industry compiled data base.

The database used reflects the amounts charged by providers for health care procedures, services and supplies. Charges are based on a geographic area, which will generate a statistically credible claim distribution. The data is reflective of the full range of reported charges. We will use the 100% percentile of that range of charges to determine the Usual and Customary charge. This database is updated every six months and includes charges not more than one year older than the last previous update.

In order to establish a reliable basis for distribution, we may include in the database charges for services from geographical areas outside the scope of this Policy. The final basis for claims payment will be adjusted to reflect the general cost differences between the geographical area where a particular service was performed and the other geographical areas used in establishing a statistically credible database. Any such adjustment will be provided in writing to the insured at the time of claim payment if the basis for payment is less than the actual charge made by the medical care provider.
