HTH WORLDWIDE NAMED ONE OF GREATER PHILADELPHIA'S FASTEST GROWING COMPANIES IN DELOITTE'S "TECHNOLOGY FAST 50"

(RADNOR, PA) September 5, 2007 -- HTH Worldwide, a global specialty health services and insurance company, has been named to Deloitte's prestigious "Technology Fast 50" for Greater Philadelphia, a ranking of the 50 fastest growing technology, media, telecommunications and life sciences companies by Deloitte & Touche USA LLP, one of the nation's leading professional services organizations. Rankings are based on the percentage revenue growth over five years from 2002-2006.

To qualify for the Technology Fast 50, companies must have had operating revenues of at least \$50,000 in 2002 and \$5,000,000 in 2006, be headquartered in North America, and own proprietary technology or proprietary intellectual property that contributes a significant portion of the company's operating revenues.

The cornerstone of HTH's technology is its Global Health and Safety Services, including its International Provider Community. Users have access online and via handheld communication devices to search detailed profiles of over 4,000 carefully-selected, individually-contracted, English-speaking doctors, dentists and behavioral health practitioners in over 180 countries. Users can also translate brand name drugs, medical terms and phrases and view notable healthcare facilities and pharmacy practices in over 600 destinations outside the U.S. HTH administers its growing suite of health plans through an extensive web based platform.

HTH was recently awarded a U.S. patent for its online appointment scheduling process with physicians as well as a patent in Australia for its online health and safety tools. HTH has applications pending in other important jurisdictions around the world and is incorporating these methods into an expanding suite of services available via handheld communication devices now available to its members as HTH Mobile Healthsm.

"We are proud to be honored by Deloitte & Touche LLP as one of the Greater Philadelphia Technology Fast 50. This award recognizes HTH's commitment to our customers, our products and our company's growth," said Angelo Masciantonio, President and Chief Executive Officer, HTH Worldwide. "HTH is dedicated to creating essential tools and resources that leverage the latest technology to provide access to quality healthcare anywhere in the world. Our success rests on the recognition that, in global healthcare, true advancement requires a command of international healthcare, insurance and technology -- and the forethought and strategy to bring them together to create important new capabilities," said Masciantonio.

"Sustaining high revenue growth over five years is an exceptional accomplishment," said Michael J. Purcell, Greater Philadelphia Marketplace Technology, Media, and Telecommunications Leader, Deloitte & Touche LLP. "We commend HTH Worldwide for making the commitment to technology and delivering on the promise of market longevity. We are proud to name HTH Worldwide to Deloitte's Technology Fast 50."
