I. Introduction

About This Plan

This Individual Certificate of Coverage, and any attached riders, is issued by 4 Ever Life International Limited (“Insurer”) through a Group Certificate issued to the Global Citizens Association (GCA). The Insurer will use a third party Administrator to perform certain duties on its behalf. The Global Citizens Association and the Eligible Participant are hereby notified of the use of Worldwide Insurance Services, LLC as its Authorized Administrator.

4 Ever Life International Limited and Worldwide Insurance Services, LLC are Independent Licensees of the Blue Cross Blue Shield Association

In this Plan, the “Insurer” means 4 Ever Life International Limited. The “Eligible Participant” is the person who meets the eligibility criteria of this Certificate. The term “Covered Person, “You”, or “Your”, means the Eligible Participant and any Eligible Dependents.

The benefits of this Plan are provided only for those services that the Insurer determines are Medically Necessary and for which the Covered Person has benefits. The fact that a Physician prescribes or orders a service does not, by itself, mean that the service is Medically Necessary or that the service is a Covered Expense. The benefits and services listed in this Certificate of Coverage will be provided for Covered Persons for a covered Illness, Injury, or condition, subject to all of the terms and conditions of the Certificate of Coverage. The Eligible Participant may consult this Certificate of Coverage or telephone the Insurer at the number shown on his/her identification card if he/she has any questions about whether services are covered.

This Certificate of Coverage contains many important terms (such as “Medically Necessary” and “Covered Expense”) that are defined in Part III and capitalized throughout this Certificate of Coverage. Before reading through this Certificate of Coverage, consult Part III for the meanings of these words as they pertain to this Certificate of Coverage.

Any payments under this Certificate will only be made in full compliance with all United States of America economic or trade sanction laws or regulations, including, but not limited to, sanctions, laws and regulations administered and enforced by the U.S. Treasury Department’s Office of Foreign Assets Control (“OFAC”). Therefore, any expenses incurred or claims made involving travel that is in violation of such sanctions, laws and regulations will not be covered under the policy. For more information, you may consult the OFAC internet website at www.treas.gov/resource-center/sanctions or a GeoBlue representative.

Choice of Hospital and Physician: Nothing contained in this Plan restricts or interferes with the Eligible Participant’s right to select the Hospital or Physician of the Eligible Participant’s choice. Also, nothing in this Plan restricts the Eligible Participant’s right to receive, at his/her expense, any treatment not covered in this Plan.

Coverage Area

Benefits under this insurance are available in the following locations:

- Any country outside of the United States, including the eligible Participant’s Home County; and
- Inside the United States

Note: whenever coverage provided under this Plan would be in violation of any U.S. economic or trade sanctions, such coverage shall be null and void.

International/Foreign Country Providers

If You are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands, Covered Expenses for these Foreign Country Providers are based on the Usual & Customary Fee, if applicable, which may be less than actual billed Charges. Foreign Country Providers can bill the Covered Person for amounts exceeding Covered Expenses. GeoBlue provides a list to Covered Persons of Foreign Country Providers with whom GeoBlue has contracted to accept assignment of claims and direct payments from Us or Our Administrator for Covered Expenses incurred by Covered Persons, thus alleviating the necessity of the Covered Person paying the Foreign Country Provider and submitting a claim for reimbursement. This particular group of Foreign Country Providers are a group of Foreign Country Providers for whom GeoBlue is able to provide background information and to arrange access for Covered Persons.

Services inside the U.S., Puerto Rico, and the U.S. Virgin Islands

BlueCard® Program and Other Inter-Plan Arrangements

4 Ever Life International Limited and GeoBlue have relationships with other Blue Cross and/or Blue Shield Licensees generally called “Inter-Plan Arrangements.” They include “the BlueCard Program” and arrangements for payments to Non-Participating Providers. Whenever You obtain healthcare services the claims are processed through one of these arrangements. You can take advantage of the BlueCard Program when You receive covered services from hospitals, doctors, and other Providers that are in the network of the local Blue Cross and/or Blue Shield Licensee, called the “Host Blue” in this section. At times, You may also obtain care from Non-Participating Providers. Our payment calculation/practices in both instances are described below.

It is important to note that receiving services through these Inter-Plan Arrangements does not change covered benefits, benefit levels, or any stated residence requirements of this Plan.

- **Out of Area Services.** We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as “Inter-Plan Programs”. Whenever You obtain healthcare services outside of Our service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard® Program and may include negotiated National Account arrangements available between Us and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside of Our service area, You may obtain care from healthcare Providers that have a contractual agreement (i.e., are “Participating Providers”) with the local Blue Cross and/or Blue Shield Licensee in that other geographic area (“Host Blue”). In some instances, You may obtain care from Non-Participating healthcare Providers. Our payment practices in both instances are described below.

- **BlueCard® Program.** Under the BlueCard® Program, when You access covered healthcare services within the geographic area served by a Host Blue, We will remain responsible for fulfilling Our contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare Providers.

Whenever You access covered healthcare services outside of Our service area and the claim is processed through the BlueCard® Program, the amount You pay for covered healthcare services is calculated based on the lower of:

- The billed covered Charges for Your covered services; or
- The negotiated price that the Host Blue makes available to Us.

Often, this “negotiated price” will consist of a simple discount which reflects the actual price paid by the Host Blue to Your healthcare Provider. But sometimes it is an estimated price that takes into account special arrangements with Your healthcare Provider or Provider group that may include types of settlements, incentive payments, and other credits or Charges. Occasionally it may be an average price, based on a discount that results in expected average savings for similar types of healthcare Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation or modifications of past pricing for the types of transaction modifications noted above. However such adjustments will not affect the price We use for Your claim because they will not be applied retroactively to claims already paid.

Federal law or the law in a small number of states may require the Host Blue to add a surcharge to the calculation. If any federal law or any state law mandates other liability calculation methods, including a surcharge, We would then calculate Your liability for any covered healthcare services according to applicable law.

- **Non-Participating Health Care Providers.**

Your Liability Calculation. When covered health care services are provided by Non-Participating health care Providers, the amount You pay for such services will generally be based on either the Host Blue’s Non-Participating health care Provider local payment or the pricing arrangements required by applicable state law. In these situations, You may be liable for the difference between the amount that the Non-Participating health care Provider bills and the payment We will make for the covered services as set forth in this paragraph.

Exceptions. In certain situations, We may use other payment bases, such as billed covered Charges, the payment We would make if the health care services had been obtained within Our network, or a special negotiated payment, as permitted under Inter-Plan Programs Policies, to determine the amount We will pay for services rendered by Non-Participating health care Providers. In these situations, You may be liable for the difference between the amount that the Non-Participating health care Provider bills and the payment We will make for the covered services as set forth in this paragraph.

If You obtain services in a state with more than one Blue Plan network, an exclusive network arrangement may be in place. If You see a Provider who is not part of an exclusive network arrangement, that Provider’s services will be considered Non-Participating Provider care, and You may be billed the difference between the charge and the Usual and Customary Fee. You may call the customer service number on Your ID card or go to www.geo-blue.com for more information about such arrangements.

Providers available to You through the BlueCard Program have not entered into contracts with 4 Ever Life International Limited. If You have any questions or complaints about the BlueCard Program, please call Us at the customer service telephone number listed on Your ID card.

We, or Our authorized Administrator, will provide written notice to the insured Participant within a reasonable period of time of any Participating Provider’s termination or breach of, or inability to perform under, any Provider contract, if We determine that the insured Participant or his/her insured Dependents may be materially and adversely affected, and provide the insured Participant with a current list of Participating Providers.

If the Covered Person needs a new Provider listing for any other reason, he/she may call the customer service telephone number listed on the ID card or go to www.geobluetravelinsurance.com for a new Provider listing.

Benefit Overview Matrix

Following is a very brief description of the benefit schedule of the Plan. This should be used only as a quick reference tool. The entire Certificate of Coverage sets forth, in detail, the rights and obligations of both the Covered Person and the Insurer. It is, therefore, important that **THE ENTIRE CERTIFICATE OF COVERAGE BE READ CAREFULLY!**

The benefits outlined in the following table show the payment percentages for Covered Expenses AFTER the Covered Person has satisfied any Deductibles and prior to satisfaction of his/her Out-of-Pocket Limit. **Covered Expenses are based on the Usual & Customary Fee which may be less than actual billed charges. Providers can bill the Covered Person for amounts exceeding Covered Expenses.**

After the Deductible is satisfied and/or Copayment paid by Covered Person, benefits are paid for Covered Expenses as follows:

The Effective Date of Coverage under the Plan is indicated below:

1. The Effective Date for a participant who becomes eligible after the Effective Date of the Policy will be the first of the month following the Waiting Period (the Initial Eligibility Date), provided the Insurer receives a fully completed application prior to the Initial Eligibility Date. The Effective Date will be the first or the fifteenth, as chosen by the Eligible Participant, of the month following the date the Insurer approves the application.
2. If a person meets the above definition of an Eligible Dependent on the date the Eligible Participant is qualified to apply for the Plan, then the Eligible Dependent qualifies to apply at the same time that the Eligible Participant applies, and should be included on the Eligible Participant's application.

3. For a person who becomes an Eligible Dependent after the date the Eligible Participant's coverage begins, the Eligible Dependent is qualified to apply for the Plan within 31 days following the date he/she meets the above definition of an Eligible Dependent. Coverage for the Eligible Dependent will become effective in accordance with the following provisions subject to approval by the Insurer:

The Late Enrollee may become covered for Participant and/or Dependent coverage only at the start of the next Period of Coverage and after the Insurer receives and approves the application.

All applications, if applicable, must be approved by the Insurer for coverage to go into effect.

In no event will an Eligible Dependent's coverage become effective prior to the Eligible Participant's Effective Date of Coverage.

After the Insured Participant satisfies any required Deductible and/or Copayment, payment of Covered Expenses is provided as defined in the Schedule of Benefits in Section I of this document.

Please note any additional limits on the maximum amount of Covered Expenses in the discussions of each specific benefit.

This section of the Certificate explains the types of expenses You must pay for covered services before the benefits of this Plan are provided. To prevent unexpected Out-of-Pocket Expenses, it is important for You to understand what You are responsible for.

The benefits described in this section will be paid for Covered Expenses incurred on the date the Covered Person receives the service or supply for which the charge is made. These benefits are subject to all terms, conditions, exclusions, and limitations of this Plan. All services are paid at percentages and amounts indicated below or in the Schedule of Benefits, and subject to limits outlined in Section IV, How the Plan Works.

Following is a general description of the supplies and services for which the Covered Person's Plan will pay benefits, if such supplies and services are Medically Necessary:

- It must meet the standards set in Our medical and payment policies. Our medical and payment policies are used to administer the terms of the Plan. Medical policies are generally used to determine if a Covered Person has coverage for a specific procedure or service. Payment policies define billing and Provider payment rules. Our policies are based on accepted clinical practice guidelines and industry standards accepted by organizations like the American Medical Association (AMA).

Benefits for some types of services and supplies may be limited or excluded under this Plan. Please refer to the actual benefit provisions throughout this section and the "Exclusions and Limitations: What the Plan does not pay for" section for a complete description of covered services and supplies, limitations and exclusions. **Any applicable Copayments, Deductibles or limits are shown in the Schedule of Benefits.**

Examples of expenses or services that are not Allowable Expenses include, but are not limited to the following:

- An expense or service or a portion of an expense or service that is not covered by any of the Plans is not an Allowable Expense.
- If You are confined to a private Hospital room and no Plan provides coverage for more than a semiprivate room, the difference in cost between a private and semiprivate room is not an Allowable Expense.
- If You are covered by two or more Plans that provide services or supplies on the basis of reasonable and customary fees, any amount in excess of the highest reasonable and customary fee is not an Allowable Expense.
- If You are covered by one Plan that provides services or supplies on the basis of reasonable and customary fees and one Plan that provides services and supplies on the basis of negotiated fees, the Primary Plan's fee arrangement shall be the Allowable Expense.
- If Your benefits are reduced under the Primary Plan (through the imposition of a higher Copayment amount, higher coinsurance percentage, a Deductible and/or a penalty) because You did not comply with Plan provisions or because You did not use a preferred Provider, the amount of the reduction is not an Allowable Expense. Such Plan provisions include second surgical opinions and precertification of admissions or services.

Claim Determination Period

A calendar year, but does not include any part of a year during which You are not covered under this Certificate or any date before this section or any similar provision takes effect.

Reasonable Cash Value

An amount which a duly licensed Provider of health care services usually Charges patients and which is within the range of fees usually charged for the same service by other health care Providers located within the immediate geographic area where the health care service is rendered under similar or comparable circumstances.

Order of Benefit Determination Rules

A Plan that does not have a coordination of benefits rule consistent with this section shall always be the Primary Plan. If the Plan does have a coordination of benefits rule consistent with this section, the first of the following rules that applies to the situation is the one to use:

- The Plan that covers You as an enrollee or an employee shall be the Primary Plan and the Plan that covers You as a Dependent shall be the Secondary Plan;
- If You are a Dependent child whose parents are not divorced or legally separated, the Primary Plan shall be the Plan which covers the parent whose birthday falls first in the calendar year as an enrollee or employee;
- If You are the Dependent of divorced or separated parents, benefits for the Dependent shall be determined in the following order:
 - first, if a court decree states that one parent is responsible for the child's healthcare expenses or health coverage and the Plan for that

- parent has actual knowledge of the terms of the order, but only from the time of actual knowledge;
- then, the Plan of the parent with custody of the child;
- then, the Plan of the spouse of the parent with custody of the child;
- then, the Plan of the parent not having custody of the child, and
- finally, the Plan of the spouse of the parent not having custody of the child.
- The Plan that covers You as an active employee (or as that employee's Dependent) shall be the Primary Plan and the Plan that covers You as laid-off or retired employee (or as that employee's Dependent) shall be the secondary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- The Plan that covers You under a right of continuation which is provided by federal or state law shall be the Secondary Plan and the Plan that covers You as an active employee or retiree (or as that employee's Dependent) shall be the Primary Plan. If the other Plan does not have a similar provision and, as a result, the Plans cannot agree on the order of benefit determination, this paragraph shall not apply.
- If one of the Plans that covers You is issued out of the state whose laws govern this Certificate, and determines the order of benefits based upon the gender of a parent, and as a result, the Plans do not agree on the order of benefit determination,
- The Plan with the gender rules shall determine the order of benefits.

If none of the above rules determines the order of benefits, the Plan that has covered You for the longer period of time shall be primary.

When coordinating benefits with Medicare, this Plan will be the Secondary Plan and determine benefits after Medicare, where permitted by the Social Security Act of 1965, as amended. However, when more than one Plan is secondary to Medicare, the benefit determination rules identified above, will be used to determine how benefits will be coordinated.

Effect on the Benefits of This Plan

If this Plan is the Secondary Plan, this Plan may reduce benefits so that the total benefits paid by all Plans for a Claim are not more than 100% of the total of all Allowable Expenses.

When the Allowable Expenses incurred for a Covered Person in any Claim are less than the sum of:

- a. the benefits that would be payable under This Plan without applying the Coordination of Benefits provision; and
- b. the benefits that would be payable under all other Plans without applying Coordination of Benefits or similar provisions benefit;

The benefits described in a. of this section will be reduced. The sum of these reduced benefits plus all benefits payable for such Allowable Expenses under all other Plans will not exceed the total of the Allowable Expenses. When the benefits of This Plan are reduced as described above, each benefit is reduced in proportion. It is then charged against the benefit limits of This Plan.

Recovery of Excess Benefits

If 4 Ever Life International Limited pays Charges for benefits that should have been paid by the Primary Plan, or if 4 Ever Life International Limited pays Charges in excess of those for which We are obligated to provide under the Certificate, 4 Ever Life International Limited will have the right to recover the actual payment made or the Reasonable Cash Value of any services.

4 Ever Life International Limited will have sole discretion to seek such recovery from any person to, or for whom, or with respect to whom, such services were provided or such payments made by any insurance company, healthcare plan or other organization. If We request, You must execute and deliver to Us such instruments and documents as We determine are necessary to secure the right of recovery.

Right to Receive and Release Information

4 Ever Life International Limited, without consent or notice to You, may obtain information from and release information to any other Plan with respect to You in order to coordinate Your benefits pursuant to this section. You must provide Us with any information We request in order to coordinate Your benefits pursuant to this section. This request may occur in connection with a submitted claim; if so, You will be advised that the "other coverage" information, (including an Explanation of Benefits paid under the Primary Plan) is required before the claim will be processed for payment. If no response is received within 90 days of the request, the claim will be denied. If the requested information is subsequently received, the claim will be processed.

Medicare Eligible Insured Participants

Covered Persons eligible for Medicare receive the full benefits of this Plan, except for those Covered Persons listed below:

1. Covered Persons who are receiving treatment for end-stage renal disease following the first 30 months such Covered Persons are entitled to end-stage renal disease benefits under Medicare, regardless of group size.
2. Covered Persons who are entitled to Medicare benefits as disabled persons, unless the Covered Persons have a current employment status, as determined by Medicare rules, through a Group of 100 or more Employees (subject to COBRA legislation).
3. Covered Persons who are entitled to Medicare for any other reason, unless the Covered Persons have a current employment status, as determined by Medicare rules, through a Group of 20 or more Employees (subject to COBRA legislation).

In cases where exceptions 1, 2 or 3 apply, We will determine Our payment and then subtract the amount of benefits available from Medicare. We will pay the amount that remains after subtracting Medicare's payment. Please note, We will not pay any benefit when Medicare's payment is equal to or more than the amount which We would have paid in the absence of Medicare.

For example: Assume exception 1, 2 or 3 applies to the Covered Person, and he/she is billed for \$100 of Covered Expense. And assume in the absence of Medicare, We would have paid \$80. If Medicare pays \$50, We would subtract that amount from the \$80 and pay \$30. However, if in this example, Medicare's payment is \$80 or more, We will not pay a benefit.

Third Party Liability: No benefits are payable for any illness, injury, or other condition for which a third party may be liable or legally responsible by reason of negligence, an intentional act, or breach of any legal obligation on the part of such third party. Nevertheless, the Insurer will advance the benefits of this Plan to the Covered Person subject to the following:

1. The Insured Participant agrees to advise the Insurer, in writing, within 60 days of any Covered Person's claim against the third party and to take such action, provide such information and assistance, and execute such paper as the Insurer may require to facilitate enforcement of the claim. The Insured Participant and Covered Person also agree to take no action that may prejudice the Insurer's rights or interests under this Plan. Failure to provide notice of a claim or to cooperate with the Insurer, or actions that prejudice the Insurer's rights or interests, will be material breach of this Plan and will result in the Insured Participant being personally responsible for reimbursing the Insurer.
2. The Insurer will automatically have a lien, to the extent of benefits advanced, upon any recovery that any Covered Person receives from the third party, the third party's insurer, or the third party's guarantor. Recovery may be by settlement, judgment or otherwise. The lien will be in the amount of benefits paid by the Insurer under this Plan for the treatment of the illness, disease, injury or condition for which the third party is liable.

Right of Recovery: Whenever the Insurer have made payments with respect to benefits payable under the Certificate in excess of the amount necessary, the Insurer shall have the right to recover such payments. The Insurer shall notify the Covered Person of such overpayment and request reimbursement from the Covered Person. However, should the Covered Person not provide such reimbursement, the Insurer has the right to offset such overpayment against any other benefits payable to the Covered Person under the Certificate to the extent of the overpayment.

Entire Contract: The entire contract between the Insurer and the Covered Person consists of the Master Policy issued to the Global Citizens Association, this Certificate and the Global Citizens Association's Group Certificate, which are deemed incorporated by reference and made a part of the Master Policy. All statements contained in the contract will be deemed representations and not warranties. No statement made by an applicant for insurance will be used to void the insurance or reduce the benefits, unless contained in a written application and signed by the applicant. No agent has the authority to make or modify the Certificate, or to extend the time for payment of premiums, or to waive any of the Insurer's rights or requirements. No modifications of the Certificate will be valid unless evidenced by an endorsement or amendment of the Certificate, signed by one of the Insurer's officers and delivered to the Global Citizens Association.

Time Limit on Certain Defenses: No claim for loss incurred after 1 year from the effective date of the Covered Person's insurance will be reduced or denied on the grounds that the disease or physical condition existed prior to the effective date of the Covered Person's insurance. This provision does not apply to a disease or physical condition excluded by name or specific description.

Legal Actions: No action at law or in equity may be brought to recover under the Certificate prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of the Certificate. No such action may be brought after the expiration of 3 years after the time written proof of loss is required to be furnished.

Assignment: No assignment of benefits will be binding on the Insurer until a copy of the assignment has been received by the Insurer or by its Administrator. The Insurer assumes no responsibility for the validity of the assignment. Any payment made in good faith will relieve the Insurer of its liability under the Certificate.

Provision in Event of Partial Invalidity: If any provision or any word, term, clause, or part of any provision of this Plan shall be invalid for any reason, the same shall be ineffective, but the remainder of this Plan and of the provision shall not be affected and shall remain in full force and effect.

Beneficiary: The beneficiary is the last person named in writing by the Covered Person and recorded by or on the Insurer's behalf. The beneficiary can be changed at any time by sending a written notice to the Insurer or to its Administrator. The beneficiary's consent is not required for this or any other change in the Certificate unless the designation of the beneficiary is irrevocable.

Mistake in Age: If the age of any Covered Person has been misstated, an equitable adjustment will be made in the premiums or, at the Insurer's discretion, the amount of insurance payable. Any premium adjustment will be based on the premium that would have been charged for the same coverage on a Covered Person of the same age and similar circumstances.

Clerical Error: A clerical error in record keeping will not void coverage otherwise validly in force, nor will it continue coverage otherwise validly terminated. Upon discovery of the error an equitable adjustment of premium shall be made.

Not in Lieu of Workers' compensation. The Certificate does not satisfy any requirement for Workers' Compensation.

The Claims Process

Notice of Claim: Written notice of any event which may lead to a claim under the Certificate must be given to the Insurer or to the Administrator within 60 days after the event, or as soon thereafter as is reasonably possible.

Claim Forms: Upon receipt of a written notice of claim, the Insurer will furnish to the claimant such forms as are usually furnished by it for filing Proofs of Loss. If these forms are not furnished within 15 days after the notice is sent, the claimant may comply with the Proof of Loss requirements of the Certificate by submitting, within the time fixed in the Certificate for filing proofs of loss, written proof showing the occurrence, nature and extent of the loss for which claim is made.

Proof of Loss: Written proof of loss must be furnished to the Insurer or to its Administrator within 90 days after the date of loss. However, in case of claim for loss for which the Certificate provides any periodic payment contingent upon continuing loss, this proof may be furnished within 90 days after termination of each period for which the Insurer is liable. Failure to furnish proof within the time required will not invalidate nor reduce any claim if it is not reasonably possible to give proof within 90 days, provided

1. it was not reasonably possible to provide proof in that time; and
2. the proof is given within one year from the date proof of loss was otherwise required. This one year limit will not apply in the absence of legal capacity

Time for Payment of Claim: Benefits payable under the Certificate will be paid immediately upon receipt of satisfactory written proof of loss.

Payment of Claims: Benefits for Accidental Death & Dismemberment will be payable in accordance with the beneficiary designation and the provisions of the Certificate which are effective at the time of payment. If no beneficiary designation is then effective, the benefits will be payable to the estate of the Covered Person for whom claim is made. Any other accrued benefits unpaid at the Covered Person's death may, at the Insurer's option, be paid either to his/her beneficiary or to his/her estate. Benefits payable under any of the other benefits may be payable to the provider of the service.

If any benefits are payable to the estate of a Covered Person, or to a Covered Person's beneficiary who is a minor or otherwise not competent to give valid release, the Insurer may pay up to \$1,000 to any relative, by blood or by marriage, of the Covered Person or beneficiary who is deemed by the Insurer to be equitably entitled to payment. Any payment made by the Insurer in good faith pursuant to this provision will fully discharge the Insurer of any obligation to the extent of the payment.

Physical Examination and Autopsy: The Insurer may, at its expense, examine a Covered Person, when and as often as may reasonably be required during the pendency of a claim under the Certificate and, in the event of death, make an autopsy in case of death, where it is not forbidden by law.

Alternate Cost Containment Provision: If it will result in less expensive treatment, the Insurer may approve services under an alternate treatment plan. An alternate treatment plan may include services or supplies otherwise limited or excluded by the Plan. It must be mutually agreed to by the Insurer, the Covered Person, and the Covered Person's Physician, Provider, or other healthcare practitioner. The Insurer's offering an alternate treatment plan in a particular case in no way commits the Insurer to do so in another case, nor does it prevent the Insurer from strictly applying the express benefits, limitations, and exclusions of the Plan at any other time or for any other Covered Person.

If You are not satisfied with the results of a coverage decision, You can start the appeals procedure.

Appeals Procedure

The Insurer has a two-step appeals procedure for most coverage decisions. To initiate an appeal, You must submit a request for an appeal in writing within 180 days of receipt of a denial notice. You should state the reason why you feel your appeal should be approved and include any information supporting Your appeal. If You are unable or choose not to write, You may ask to register your appeal by telephone. Call or write to the Administrator at the toll-free number or address shown on your identification card, explanation of benefits or claim form.

Level One Appeal

Your appeal will be reviewed and the decision made by someone not involved in the initial decision. Appeals involving Medical Necessity or clinical appropriateness will be considered by a health care professional.

For level one appeals, you will be responded to in writing with a decision within fifteen calendar days after we receive an appeal for a required pre-service or concurrent care coverage determination (decision). We will respond within 30 calendar days after we receive an appeal for a post service coverage determination. If more time or information is needed to make the determination, We will notify You in writing to request an extension of up to 15 calendar days and to specify an additional information needed to complete the review.

You may request that the appeal process be expedited if, the time frames under this process would seriously jeopardize Your life, health or ability to regain maximum function or in the opinion of Your Physician would cause You severe pain which cannot be managed without the requested services; or your appeal involves non-authorization of an admission or continuing Inpatient Hospital stay. The Insurer or its designee's physician reviewer, in consultation with the treating Physician, will decide if an expedited appeal is necessary. When an appeal is expedited, We will respond orally with a decision within 72 hours, followed up in writing.

Level Two Appeal

If You are dissatisfied with Our level one appeal decision, you or your authorized representative may request a second review for appeals involving Medical Necessity or clinical appropriateness. To start a level two appeal, follow the same process required for a level one appeal.

Most requests for a second review will be conducted by an appeals committee, which consists of at least three people. Anyone involved in the prior decision may not vote on the appeals committee. For appeals involving Medical Necessity or clinical appropriateness, the Committee will consult with at least one Physician or Dentist reviewer in the same or similar specialty as the care under consideration, as determined by the Insurer's or its designee's Physician or Dentist reviewer. You may present your situation to the committee by conference call.

For level two appeals we will acknowledge in writing that we have received your request and schedule a committee review. For required pre-service and concurrent care coverage determinations, the committee review will be completed within 15 calendar days. For post-service claims, the Committee review will be completed within 30 calendar days. If more time or information is needed to make the determination, We will notify You in writing to request an extension of up to 15 calendar days and to specify any additional information needed by the Committee to complete the review. You will be notified in writing of the committee's decision within five working days after the Committee meeting, and within the Committee review time frames above if the committee does not approve the requested coverage.

You may request that the appeal process be expedited if, the time frames under this process would seriously jeopardize Your life, health or ability to regain maximum function or in the opinion of your Physician would cause you severe pain which cannot be managed without the requested services; or Your appeal involves non-authorization of an admission or continuing Inpatient Hospital stay. The Insurer's or its designee's Physician reviewer, in consultation with the treating Physician will decide if an expedited appeal is necessary. When an appeal is expedited, we will respond orally with a decision within 72 hours, followed up in writing.

Following a second level appeal, a final determination will be made and a letter will be sent to you.

The Insurer shall not take any retaliatory action, such as refusing to renew or canceling coverage, against the Covered Person and his/her Insured Dependents or the Member because the Covered Person's, the Member's, or any person's action on the Covered Person's or the Member's behalf, has filed a complaint against the Insurer or has appealed a decision made by the Insurer.

All grievances not resolved by the Insurer's grievance procedures, and all other controversies and claims arising out of or relating to the Policy, or any coverage provided thereunder, shall be determined by final and binding arbitration administered by the American Arbitration Association ("AAA") under its Commercial Arbitration Rules and Mediation Procedures ("Commercial Rules") including, if appropriate, the International Commercial Arbitration Supplementary Procedures and the Supplementary Rules for Class Arbitrations. The award rendered by the arbitrator shall be final, non-reviewable and non-appealable and binding on the parties and may be entered and enforced in any court having jurisdiction.
